Tell them to use their money to do good. They should be rich in good works and should give generously to those in need, always being ready to share with others whatever God has given them. By doing this they will be storing up their treasure as a good foundation for the future so that they may take hold of real life. 1 Tim 6:17-19 NLT

Dear Friends,

Harvey has seen his allergies disappear and his marriage and family relationships vastly improve through the Educating, Examining, Equipping and Empowering Steps of the *Pathway to Full Freedom (P2FF)*. He and others see the difference!

Through the mentoring journey of the *Pathway to Full Freedom*, Cindy is now seeing peace instead of chaos, freedom instead of bondage as God heals deep personal wounds and helps her to live God's truth instead of fear. She is showing her family and others how it looks to live whole and free!

Dennis used to worry about finances, his family's welfare, his job, the future, as many people do. By using the practical tools of the *Pathway to Full Freedom*, his trust in God has grown and he now knows peace, joy and freedom through difficult circumstances.

From a life of drugs, abuse, jail, Hepatitis C and other physical pathology, Debbie has seen God's powerful hand in forgiving, cleansing and healing her completely. She has seen dramatic improvement in her relationships. She knows JOY in life and is now finishing school, getting her counseling license and serving as a *P2FF Trail Guide*.

DeAnn has seen God transform her from a physically weak and debilitated woman with flares of rage to a sensitive, healthy massage therapist who is now a source of peace and fun to her family.

Sending God's hope, love and our thanks to our military throughout the world is high on our list of activities. Young men and women deployed to war zones and other traumatic, high stress areas often feel lost, alone, forgotten and can suffer hopeless and depression. **Connection to home and God's love, hope, protection and presence is received through the mentoring and personal contact of P2FF Trail Guides and volunteers.** Service men and women are able to express their frustrations, dreams, hurts and losses by working on the private, secure P2FF website and receiving the personal attention and support of their trained, supervised P2FF Trail Guide.

"Knowing that people care means a lot but to have a personal connection to home and someone who knows I'm deployed or away from family and friends and can pray for me and help with my personal needs is more precious than I can say."

– young servicewoman deployed to the Middle East

These are just a few of the consistent victories and life changes of *Pathfinders* going through the *Pathway to Full Freedom*. You can read other "Personal Paths" at www.P2FF.com/pp.php. God's work through P2FF is helping people to take the next step in being all that He created them to be.

Please consider joining our Prayer & Praise email and prayerfully donating to the Christ-centered, life-changing services and financial aid that P2FF provides to needy P2FF care receiver "*Pathfinders*" and for development and production of necessary tools and resources. If you want a detailed report of activities, needs and plans, we are happy to send it. Just mark the red box in the Donation Box below.
